- Enfamil 22 and Neocare

Enfamil 22 was renamed Enfacare in 1999 and Similac Neocare renamed Neosure in 1998. Enough time has passed to allow retailers to exhaust stock, so these formula names have been removed from food vouchers issued for Enfamil Enfacare and Similac Neosure, respectively. The formula codes remain the same.

Local agencies should see these changes in the WIN system following a successful transfer of data “end of day process” with the state office.

If you have questions regarding these formula changes, contact Matthew Harrington, Clinical Nutrition Specialist, at matt.harrington@tdh.state.tx.us or (512) 458-7111, ext. 3503.
